

Forecast 5 ROI: Generate Extra Income & Investment

Create fast, accurate and error-free budgets for clients with Forecast 5 and the additional income will quickly repay the invested amount of purchasing Forecast 5, with interest!

- *Have you wanted to grow the business advisory and development area of your firm and reduce production costs and time when creating budgets and supporting models?*
- *Do you want to build closer client relationships and improve client satisfaction levels?*
- *Have you ever wanted a reason to touch base with your clients more regularly?*

If you said yes...now you can!

By adding Forecast 5 as a service to just 10% of your clients, your bottom line and client satisfaction levels can significantly increase!

In less than two months, Forecast 5 will assist with the reduction of stress levels, provide peace of mind with accurate, error-free results, increase free time and diminish workloads.

Forecast 5 focuses on the delivery of accurate and comprehensive budgets, providing all the logic to complete your budget, cashflow and forecast without the strenuous mental math. The Profit & Loss matches to the Cashflow and the Balance Sheet matches to the Funds Flow. This allows you to not only see what you are spending but where the cash is.

In a nut shell, Forecast 5 does all the hard work, crunching the numbers, time-consuming calculations and generating accurate results and reports, all while creating an income stream for your business.

“Forecast 5 has been an essential tool for me to forecast Statement of Income, Statement of Financial Performance and Cashflows to satisfy the MOE and Bank, that the school was financially sound and able to repay loans required to build a Gymnasium” -

Judith Clough - Westlake Boys High School
